

SHOW LAMB POWER D13.6

#66A2

PROFILE

SHOW•RITE® Lamb Power D13.6 is a carefully formulated medicated complete feed for optimal growth and performance. SHOW•RITE® Lamb Power D13.6 is pelleted to reduce segregation of ingredients and incorporates the latest nutritional knowledge with good animal husbandry practices for maximum performance.

Show-Rite®

ABOUT THE PRODUCTS:

SHOW•RITE® Lamb Power D13.6 is a complete lamb creep formulated to be fed to lambs 2-12 weeks of age.

Added Ammonium Chloride

Ammonium Chloride is added to help prevent urinary calculi.

Added Probiotics

Yeast and beneficial bacteria have been added to optimize the digestion of a variety of ingredients.

Proteinated Mineral

Proteinated mineral allows for better mineral absorption and promotes healthy feet and hoof quality. SHOW•RITE® Lamb Power D13.6 contains no added copper.

Alfalfa Based Pellet

Alfalfa based pellet to reduce the segregation of ingredients, increased performance and more consistent intake.

Medicated with Deccox

Deccox is added at a rate of 13.6 mg/lb (27.2 g/ton). Deccox will help the control of coccidiosis in lambs until the animals are old enough to make their own immunity to cocci.

NUTRIENT ANALYSIS:

Crude Protein, min	20.0%*
* <i>This includes not more than 1.0% equivalent protein from non-protein nitrogen.</i>	
Crude Fat, min	4.0%
Crude Fiber, max	15.0%
Calcium (Ca)	0.5-1.0%
Phosphorus (P), min	0.5%
Salt (NaCl)	0.2-0.7%
Selenium (Se), min	0.3 ppm
Vitamin A, min	3,000 IU/lb
Vitamin D, min	1,500 IU/lb
Vitamin E, min	40 IU/lb

INGREDIENTS:

Processed grain by-products, forage products, plant protein products, grain products, animal protein products, pork fat (preserved with BHA), calcium carbonate, ammonium chloride, salt, monocalcium phosphate, dicalcium phosphate thiamine mononitrate, vitamin E supplement, sodium selenite, dried *Aspergillus niger* fermentation extract, zinc oxide, dried *Bacillus subtilis* fermentation product, dried *Saccharomyces cerevisiae* fermentation product, ferrous sulfate, manganous oxide, dried *Lactobacillus acidophilus* fermentation product, dried *Streptococcus faecium* fermentation product, ethylenediamine dihydriodide, vitamin A supplement, vitamin D supplement, cobalt carbonate, sodium molybdate.

FEEDING DIRECTIONS:

Feed Show Rite Lamb Power D13.6 at the rate of 1.67 ounds per 100 pounds of body weight to lambs from 2 to 12 weeks old to supply 22.7 milligrams Deccox per 100 pounds of body weight. Feed at least 28 days during periods of exposure or when experience indicates that coccidiosis is likely to be a hazard. Feed with good quality hay and water.

WARNING: Do not feed to sheep producing milk for food.

LIMITATIONS FOR USE: Feed at least 28 days during periods of exposure or when experience indicates that coccidiosis is likely to be a hazard. Feed at a rate to provide 22.7 mg/100 lb body weight per day.

Feeding Tips:

- Provide access to clean, fresh water at all times.
- Make feed changes gradually, over at least a 5 day time period.
- Never feed any feedstuffs that are moldy, musty or suspect in any way.

SHOW•RITE® Show Lamb Feeds are formulated specifically for lambs and should not be fed to other species.
