Vitamin E, min.....	60 IU/LB

### FEEDING INSTRUCTIONS:

For holding and toning swine to desired show weight, feed ½ to 2 pounds per head per day with 2 to 3 pounds of complete feed until desired show weight is reached.

For holding and toning sheep and goats, feed at the rate of 2-4 ounces per head per day, replacing that amount of complete feed.

For growing and finishing cattle, feed at the rate of 1 to 2 pounds.

A constant supply of fresh, clean water is also necessary.

\*Enclosed scoop holds 1/2 pound of pellets.

### INGREDIENTS:

Refer to product label/tag for a complete list of ingredients.

This multi-species product has been formulated specifically for swine, sheep, goats and beef cattle and is not intended for other species.

This multi-species product is formulated without added copper and may not provide adequate copper for optimal swine, goat and beef cattle performance. Please provide a separate source of copper, such as free choice mineral, if feeding this product to swine, goats and beef cattle.

Do not provide another source of copper if feeding sheep.

### Profile:

Show-Rite Sculpt is formulated as a multi-species supplement to help tone and firm muscle in beef cattle, swine, sheep and goats. Sculpt allows the animal to maintain it's body condition and weight so you're ready for show time.

-High levels of protein to help muscle development.

-High levels of fiber to help with shape.
