FEEDING INSTRUCTIONS:

Show-Rite Star Shine 26% protein supplement pellet can be blended with feed rations for group feeding or can be top-dressed for individually-fed animals. Usage levels depend upon class and age of the animal being fed. Show-Rite Star Shine 26% protein supplement pellet is not designed to be a complete feed. See feeding chart for suggested daily usage. Use caution so as not to over-feed. Always supply a source of fresh, clean water.

INGREDIENTS:

Please refer to the product label/tag for a complete list of ingredients.

This product has been formulated specifically for horses, cattle, swine, goats, sheep, rabbits, & poultry and is not intended for other species. This multi-species product is formulated without added copper and may not provide adequate copper for optimal goat, horse, rabbit and beef cattle performance. Please provide a separate source of copper, such as free choice mineral, if feeding this product to horses, cattle, swine, goats and rabbits. Do not provide another source of copper if feeding sheep.

PROFILE:

- Provides Nutritional Support for Optimal Performance and Condition
- Adds shape without burning fat
- Added fiber for softer rear rib and flank
- Eliminates the plain stage
- Stimulates appetite, improves digestion, and increases weight gains
- Highly Palatable
- No added copper, safe for copper-sensitive species
