

# 1910

Formulated as a grower/finisher feed for pigs that need extra growth and muscle.

## FEEDING INSTRUCTIONS:

Feed as a sole ration. Always supply a source of fresh, clean water.

## INGREDIENTS:

*Please refer to the product label/tag for a complete list of ingredients.*

## WARNING:

This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper. This product has been formulated specifically for swine and is not intended for other species.

## PROFILE:

This is an ideal feed to offer when bringing your projects home and transitioning off of pig starter. With 1910, you will still get great levels of consumption without sacrificing belly and softness of body. Keep this feed in your barn for those kinds that can handle some extra growth or for times — such as jackpot season — when added shape is needed.

## GUARANTEED ANALYSIS

Crude Protein (Min).....	19.0%
Lysine (Min) .....	1.15%
Crude Fat (Min) .....	6.0%
Crude Fiber (Max) .....	6.0%
Calcium (Min) .....	0.5%
Calcium (Max) .....	1.0%
Phosphorus (Min).....	0.5%
Salt (Min) .....	0.3%
Salt (Max) .....	0.8%
Chromium (Min) .....	0.2 ppm
Selenium (Min) .....	0.3 ppm
Zinc (Min) .....	100 ppm
Phytase* (Min) .....	224 FTU/lb.
Xylanase** (Min) .....	52.0 XU/lb.

\*One unit of phytase activity (FTU) is defined as the quantity of enzyme which liberates 1 micromol of inorganic phosphorus per minute. Environmental factors such as feed pH, moisture and processing methods such as pelleting and extrusion may affect enzyme activity.

\*\*One xylanase unit is the amount of enzyme which liberates 1 micromole of xylose per minute under the conditions of the assay.

**Options in a 50-lb bag #75496 or bulk invoice**
