

# NEWCO GOAT D22.7

Formulated as a starter/grower feed for all classes of goats.

## FEEDING INSTRUCTIONS:

Feed Show-Rite NewCo Goat Grower D22.7 at the rate of 1.0 pound per 100 pounds of body weight along with good quality forage to starting goats to provide 22.7 milligrams of Decoquinatate per 100 pounds of body weight per day. Provide a constant supply of clean, fresh water.

## WARNING:

Do not feed to goats producing milk for human consumption.

CAUTION: Do not use Decoquinatate in feeds containing bentonite.

LIMITATIONS FOR USE: Feed at least 28 days during periods of exposure to coccidiosis or when experience indicates that it is likely to be a hazard.

## PROFILE:

Show-Rite Newco Goat is a highly palatable and digestible feed that promotes rumen stability, avoiding the wide variations in pH that can interfere with fiber digestion and feed intake. It's specifically designed to maximize muscle development and provide an ideal handle while maintaining enough fat cover for the perfect, extra-smooth finish in show goats.
